PROFESSIONAL SUMMARY

Motivated Electronics and Communication Engineering student building skills in web development, programming, databases, and AI-enabled automation. Eager to apply technical knowledge to practical problems, learn from experienced teams, and contribute to reliable, user-focused software solutions.

EDUCATION

2024–2028 | B.E. Electronics and Communication Engineering
Government College of Engineering, Salem
CGPA: 7.4

2021–2022 | Higher Secondary (12th)
Joy Matric Hr. Sec. School, Tenkasi
Percentage: 91.82%

TECHNICAL SKILLS

Programming: C, C++, Python, JavaScript

Web Development: HTML, CSS, React.js

Database: SQL

Automation & AI: Automation Anywhere workflows, AI-agent concepts

CERTIFICATIONS

- Automation Workflow using Automation Anywhere
- AI Workflow and Automation
- Git & GitHub
- Python Certification

LEADERSHIP & ACTIVITIES

Department Secretary
Supported coordination of department activities and student events, helping facilitate communication among students.

Tamil Club Volunteer
Contributed to community-service initiatives and club activities.

PROJECT EXPERIENCE

AUTOMATIC CERTIFICATE GENERATOR

Developing a certificate-management application that processes participant details from a spreadsheet and maps each entry to the appropriate participation, first-prize, or second-prize template. Planned capabilities include certificate generation, SQL record storage, and email delivery to participants.

Technologies: Python, HTML, SQL, spreadsheet processing, email workflow

REDESIGNED SWIGGY WEBSITE

Created a redesigned food-ordering website interface focused on clear navigation, menu discovery, and a user-friendly browsing experience.

Technologies: HTML, CSS

AI-POWERED SOCIAL MEDIA WORKFLOW

Built an automation workflow concept to streamline social-media content creation and publishing across LinkedIn, Telegram, and Facebook.

Focus: Workflow automation, content distribution

FOOD ORDERING WEBSITE

Designed a food website concept featuring dish listings, menu browsing, special offers, and food-delivery information, with emphasis on a straightforward user experience.

CAREER INTERESTS

Frontend development • Software development • AI-assisted automation • Database-driven applications

Professional strengths: Problem-solving, willingness to learn, teamwork, coordination, and attention to detail.
